DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group I in the reply filed on 7/16/07 is acknowledged.

After examining the elected species, no prior art was found. Therefore the search has been extended to the next species.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

^{42 and 58}
Claims are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 42 recites the limitation "the nascent oligonucleotide". There is insufficient antecedent basis for this limitation in the claim.

Claim 42 is vague and indefinite because it is unclear of what are the metes and bounds for the phrase "of size sufficient". It is unclear of what will be sufficient.

Claim 58 is vague and indefinite because it is unclear of what exactly is an unsuitable nucleotide.

Claims 1-41, 43-57, 60-74 are allowed.
